

What is Behavior World?

Behavior World is a classroom management app that can be used to create fun, customizable positive reward charts.

Are there any fees for Behavior World and where can I download it?

There is only a one time cost to download Behavior World. There are no monthly fees. You can find Behavior World on the Apple App Store. We are currently in development for Android.

Is Behavior World Customizable?

Yes, Behavior World is entirely customizable. Buddies, Themes, Behaviors and Rewards can all be easily customized!

How Should I use Behavior World in my classroom?

We recommend choosing ONE Buddy to represent the ENTIRE class. This way your students can work TOGETHER to earn class rewards! You also have the option to create individualized charts anytime.

Can Behavior World also be used by my student's parents at home?

Absolutely! We designed Behavior World to be used at school AND home! Upon downloading Behavior World, users will register their account as either a Teacher or Parent.

Quick Tips to make BW successful in your classroom

Each time a reward is earned, the reward screen can be shared via email as a **"Certificate of Achievement."** Email them to yourself and display them in your classroom! You can also email them to your students' parents so they can be displayed at home!

Use our **Free Downloadable Resources** to supplement and add to the effectiveness of BW in your classroom! Our resources can be downloaded at BehaviorWorldApp.com/resources

Super buddy slips: These can be sent home with your students for having a good day in class. If BW is being used at home, the slips will let the child's parents know to automatically advance the home Buddy 1 step forward closer to the HOME reward!

Coloring Sheets: Decorate your class with these free coloring sheets as fun visual reminders! We've included space on each coloring sheet to write classroom or individualized target behaviors.

MAKING GOOD BEHAVIOR FUN...ANYWHERE!
